

STEPS TO FUNDING CAPITAL PROJECTS

Funding capital projects of \$2 million or more can be a significant challenge for many 501(c)(3) organizations. This is especially true for those nonprofits that have never (or infrequently) had the need to raise capital to fund a major expansion, renovation or replacement of their facilities.

Join us for breakfast and a presentation outlining a step-by-step approach on how to use tax-exempt bonds/loans (which can reduce interest rates by as much as 30%), and undertake a successful capital campaign, positioning your organization to respond to capital projects.

This program will also include the first-hand experience of a prominent local organization on how it was able to respond to the need to renovate and expand its facilities.

Who should attend: CEOs, CFOs, development directors and key board members of 501(c)(3) organizations planning capital projects in the next 12-24 months.

TIME | DATE | PLACE

Wednesday, November 1, 2017

8:00 am - Registration

8:30 - 10:00 am - Program

\$25, includes breakfast
